

User Guideline

User Guidelines for the LMS

1. Introduction

Welcome to the **Online Learning Management System (LMS)**. This guide will help you navigate and use the system efficiently, whether you are a **Student, Instructor, or Admin**.

2. User Roles & Access

The LMS has **three types of users**, each with specific functionalities:

Role	Access & Features
Student	Enroll in courses, access materials, submit assignments, take quizzes, view grades, and communicate with instructors.
Instructor	Create courses, upload materials, manage assignments & quizzes, grade submissions, and communicate with students.
Admin	Manage users, generate reports, oversee system activities, and ensure smooth operation.

3. User Registration & Login

3.1 Registering as a New User

1. Navigate to the **Register** page.
2. Fill in the required details: **Name, Email, Password, and Role (Student, Instructor, or Admin)**.
3. Click **Register**.
4. Check your email for a confirmation link and activate your account.

3.2 Logging into the LMS

1. Navigate to the **Login** page.
2. Enter your **email** and **password**.
3. Click **Login**.
4. Based on your role, you will be redirected to:
 1. **Student Dashboard**
 2. **Instructor Dashboard**
 3. **Admin Dashboard**

4. Student Guide

4.1 Enrolling in a Course

1. Navigate to the **Available Courses** section.
2. Click **Enroll** next to a course.
3. Confirm enrollment.
4. The course will appear in **My Courses**.

4.2 Accessing Course Materials

1. Click on a course in **My Courses**.
2. Download or view course materials (PDFs, videos, slides).

4.3 Submitting Assignments

1. Go to **Assignments** under your enrolled course.
2. Select an assignment.
3. Upload the required file (PDF, DOC, etc.).
4. Click **Submit Assignment**.

5. Instructor Guide

5.1 Creating a Course

1. Navigate to **Instructor Dashboard → Create Course**.
2. Enter course details: **Title, Description, Syllabus**.
3. Click **Save & Publish**.

5.2 Uploading Course Materials

1. Open an existing course.
2. Click **Upload Material**.
3. Add **PDFs, Videos, Slides**.

5.3 Managing Assignments

1. Navigate to **Course → Assignments**.
2. Click **Create Assignment**.
3. Set **due dates, instructions, and upload options**.

6. Frequently Asked Questions (FAQs)

Q1: I forgot my password. How do I reset it?

- Click **Forgot Password** on the login page and follow the instructions.

Q2: Why can't I enroll in a course?

- Ensure you are **logged in** as a **student** and that the course **is available**.

Q3: Can instructors edit student submissions?

- No, but they can provide feedback and assign grades.

7. Support & Contact Information
